

# Mining, Oil & Gas export capability statement

---

Proudly supporting mining, oil  
& gas projects with steel and  
aluminium products, processing  
and solutions to Australasia  
and beyond

Steel. Aluminium.  
**Knowhow.**<sup>TM</sup>

# Our commitment to project success

We are BlueScope Distribution, a market leading steel and aluminium distributor and solutions provider. We are part of the broader BlueScope group of businesses servicing customers from a wide range of industries in both Australia and overseas via our dedicated export division.

Strategically based in Brisbane, Australia, BlueScope Distribution's export team is in close proximity to the Port of Brisbane, Brisbane International Airport and the logistic hub for the transportation of goods across Australia and overseas via ship, air, road and rail.

Our export services support customers in New Caledonia, New Zealand, Vanuatu, Fiji, Solomon Islands, Papua New Guinea, Indonesia, Nauru, The Philippines, Vietnam, Malaysia, South Korea, Thailand, Western Europe, Canada, South Africa, Sri Lanka, Singapore, India, Timor-Leste and China.

With over 30 years of industry experience in the supply of steel and aluminium products for export purposes, our people understand the unique demands of exporting to international markets. Starting with specialised exporting packing procedures, we can coordinate the entire supply chain solution, to port of delivery.

## Providing end to end solutions

Experience the ease of doing business with our export business delivering steel and aluminium products, processing and solutions for:

Mobile mining equipment and maintenance

Processing / production equipment & maintenance

Transport vehicles & maintenance

Town infrastructure & maintenance

Solutions for complex project management requirements

A complete range of steel and aluminium products

Processing capabilities to support your project requirements

# Your single source product, processing and service solutions provider

## 01 Steel. Aluminium.

### Products

We have access to a full suite of steel and aluminium products\* as well as the ability to produce specially designed steel grades outside of the standard product range, through the BlueScope mill. As a trusted distributor to the mining, oil and gas industry, we partner with our customers to meet their project requirements.

Backed by our commitment to quality, we help reduce compliance risk through our ISO 9001 quality management system accreditation with documented systems and processes. We also provide full material traceability and compliance via our material test certificates.
